

Good Afternoon

Thank you to those companies that joined us in person and online for the Exhibitor Pre-Brief meeting today. For those that couldn't attend, please see a copy of the presentation in a PDF version [here](#). We did record the meeting but unfortunately I (Stacey) forgot to screen share the first part of the meeting so please make sure you read through the presentation linked above and let us know if you have any questions. We are happy to go through this with companies individually if that helps - just let us know.

Some key points for marina exhibitors:

- You must fill in the Temporary Berth License on the Exhibitor Portal to bring your vessel in. Also please ensure your skipper is covered under insurance
- Do you need power? Please order your power through the portal as soon as you can so our electrical supplier can start designing the layout.
- Remember to bring your own fenders and lines.

Some key points for on land exhibitors - Viaduct Events Centre, Pavilion and Outside Stands:

- If you would like to drop items off before pack in week we will be onsite Saturday 28th February in the afternoon- please let [Jen](#) know
- Wednesday 4th March is dedicated to Outside Stands packing in only - no cars are allowed onsite. Please keep this in mind if you are coming from out of town.

Exhibitor Packs

For exhibitors that have paid their final stand costs, your exhibitor packs with your Exhibitor Badges, lanyards and single day tickets (if you asked for physical tickets instead of digital tickets) will be couriered out over the next week to those who asked for their packs to be couriered. If you stated you will collect your pack on your booking form we will let you know when you can collect this. If you didn't request physical single day tickets, you will receive your digital single day ticket allocation via email over the next week or so.

Thank you

The Boat Show Team

Exhibitor Asset Library

Please see dropbox link below, where we have logos, social content, images and press releases/copy for exhibitors to use. If you are after anything specific please reach out to us!
